WELCOME TO EPIC

Thank you for considering the opportunity to join the Board of Trustees at EPIC.

EPIC was formed in 1998 and is a business with a strong social purpose. We are based in the Bentilee area of Stoke-on-Trent, where the majority of our nearly 1,400 homes are situated, with our main areas of operation in Bentilee, Hanley and Meir. We pride ourselves on being a local community-based organisation, ensuring that every home is safe and that the needs of our tenants are reflected in the services we provide.

In 2024, we established our three-year Corporate Plan with a refreshed vision of 'to empower our tenants with the resources and support they need to thrive, while also making a positive impact on the wider community'. As Chair of the Board of Trustees, joining in April 2023, I have seen a significant shift across the organisation, including the positive trajectory in response to the Regulatory downgrade in 2021, with a compliant regrade in 2023. The progress of EPIC didn't stop there, and under clear direction and leadership, the Regulator of Social Housing's Inspection in July 2025 resulted in a Regulatory Judgement of G1, V2 and C1. The full Regulatory Judgement can be read [here](#).

Our focus over the last two years has been on our organisational resilience and tenant engagement and influence. We are now on the cusp of developing a new Corporate Plan and have identified skill gaps in our board membership. We are keen to hear from individuals who have a combination of one or more skills in the areas of asset management, information technology, cyber security, artificial intelligence and/or lived experience as a social housing tenant (preferably as a tenant of EPIC). There are two opportunities available.

The future is positive and in our combined strength, from Board to Tenants, we are clear that our size is one of our unique selling points. We are close to the community, and we are able to provide a personalised service to tenants that is built on a positive culture of relationships.

I wish you every success with your application.

Simon Wilson
Chair of the Board of Trustees

WELCOME TO EPIC

I am delighted that you are interested in joining our Board of Trustees at EPIC.

We are here and we're making a difference! We have worked our way through some challenging times and come out stronger and much improved. Our relationship with tenants through the services we provide, and our interactions, are key to our success.

I have been with the organisation since July 2022 and continue to be delighted and excited by the impact we can make as a small, locally based housing association. At the heart of EPIC, there are great people, tenants and a board with a desire and passion to do more. Having now come out of our Regulatory Inspection and being delighted with our judgement, I am confident and positive about the future, recognising there is still more to do.

My number one priority continues to be ensuring our tenants live in safe, secure, and well-maintained homes. A joint number one priority for me is our people; without our people, we cannot deliver a service that our tenants expect and deserve. Keeping our people engaged, motivated and passionate means that our tenants feel that too.

We have much to do, not least of which is continuing to support tenants in dealing with the rising cost of living. Our corporate plan sets out our direction of travel, and working alongside the board, I am sure we will be successful if we continue with positivity, kindness, realism, and pragmatism.

It's a great opportunity and time to consider EPIC for either your first non-executive role or to add to existing. It won't be long before we look at our new Corporate Plan for 2027, capturing the changing environment that we work in, and our own ambitions to meet the needs of tenants and the wider community.

I look forward to working with the successful candidates, and thank you for considering EPIC as an organisation you want to be a part of.

Tracy Johnson
Chief Executive

OUR HISTORY

EPIC (Empowering People Inspiring Communities Ltd.) is a not-for-profit Registered Provider of Social Housing, with charitable status. We were formed in 1998 following a stock transfer from Stoke-on-Trent City Council.

In our first few years of operation, we concentrated on bringing our 925 flats into good condition and improving their management and maintenance. In 2000, we began to expand our stock, purchasing 10 houses in the Bentilee area. Now, over a quarter of our properties are family-sized houses. We have a strong commitment to our local communities, and in 2005, we worked with an architect and local people to develop the Bentilee Delivery Plan. Following this, in 2009, we worked to refurbish Bentilee Pavilion and Park.

The 2010s saw us continue to grow. We have done this by buying existing properties across Stoke-on-Trent, Newcastle-under-Lyme and Staffordshire Moorlands, bringing them up to modern standards. In 2010, we made our first purchase via a Mortgage Rescue scheme. In 2014, we grew to 1,010 properties, meaning that we officially became classified as a large Housing Association by the Regulator of Social Housing. In 2015, we were awarded £636,000 in grant funding to deliver our most ambitious growth programme to date.

We currently own just under 1,400 properties and work closely with three local authorities, together with a range of partners, to ensure our homes help to meet the needs of local people in Stoke-on-Trent, Newcastle under Lyme, and Staffordshire Moorlands.

Over a quarter of our portfolio is made up of family-sized homes, and we offer a mix of houses, flats, and bungalows, together with a small number of commercial retail outlets for rent. We let properties charged at either Social, Affordable or Intermediate Rents; we have an offer to include a path into homeownership through our Rent2Buy scheme.

OUR HISTORY

In July 2025, as part of a Regulatory Inspection by the Regulator of Social Housing, we received a G1, V2 and C1 rating. It's the first time we've been assessed against the Consumer Standards, and it was great to achieve the highest rating possible (C1).

This achievement is due to a number of factors, but not least of which is the leadership and culture at EPIC. The Board of Trustees, led by Simon Wilson, has set and steered our strategic direction, with Tracey Johnson as the CEO. Changes around the Board and Executive table have meant that EPIC never stands still and continues to look at ways in which to improve, be it organisationally, from a governance perspective, to tenant engagement and influence on the services that are provided.

Our number of colleagues has almost doubled since 2021, and a culture of openness, honesty and transparency is evident throughout. Our most recent employee survey said that 96% would recommend EPIC as a great place to work, with 97% saying they are likely to be working for EPIC in 2 years' time. 100% find their work meaningful too!

Financially, we are in a much-improved position, although as a small organisation, we continue to monitor and manage our budgets very closely, steered and overseen by the Board.

Board is supported through two established Committees – Audit and Risk Assurance Committee and Governance and Remuneration Committee. Successful candidates would be required to sit on at least one of these Committees in addition to the Board.

In 2025/26, we will be reviewing and refreshing the ways in which tenants engage and influence services, and this is likely to result in a more formal Tenant Committee being established, that potentially would be chaired by a member of the Board. This is in exploration currently.
